

Robert Siegel

A native of New York, Robert brings a wealth of experience to his photography. In addition to his 45 year career as a highly accomplished real estate professional, corporate vice president and entrepreneur, Robert has been a photographer during all these business activities.

Robert's creative talents have always been expressed with an eye to see the natural beauty in whatever he has photographed. Over the years, as an amateur

“Rosarian”, taking photographs of his beautiful garden brought so much pleasure that the transition to his love of dogs was a natural progression to his pet photography. Of course “Sonoma County’s Beauty and Abundance” led him to capture the offerings available at the farmers markets, rural, coastal areas and, of course, the vineyards.
